

Department of Elementary Education Admission Policy

We seek students who understand the educational goals and academic requirements of Showa Women's University, those willing to steadily strive to acquire a teacher's license or childcare qualification. We also welcome students with a strong desire to contribute to society by acquiring practical knowledge of early childhood and elementary education. Applicants should have an earnest attitude, be able to express themselves well, and have a positive personality. Applicants must have qualifications and proficiency to successfully complete the course of study of the department. We therefore recruit applicants through various comprehensive entrance methods.

(1) Recommended fields of study and subjects to learn before entrance

- Japanese Language Arts: Students should use language proficiently. They should speak, listen, write, and read competently and use language to express herself and to understand others.
- English Language Arts: Students should acquire the four skills of reading, writing, speaking, and listening and communicate their thoughts and opinions clearly.

Note: In order to be well-rounded, students are encouraged to take other subjects such as Geographic History, Civics, Mathematics, Science, Health and Physical Education, Art, Home Economics, and Information.

(2) Learning habits to have before entrance

- Students should have an interest in the state and background of society related to education and nursing and should explore these issues on their own.
- Students should have an interest in experimental activities related to education and welfare and be actively involved in such activities.
- Students should cooperate with others and have experience working as a member of a team.
